Selection of Projects at HOSPER

Perm Strategic Master Plan, Perm, Russia

Commissioned by city management of the Russian city of Perm, the structural plan for the whole city is being drawn up. This agglomeration of 1 million inhabitants, situated on the river Kama close to the Russian Urals, is being renovated in all aspects. The Bureau Alle Hosper is designing the landscape and public space components of the plan in conjunction with the overall urban plan drawn up by KCAP, 2008 - 2009.

Urban development plan Hasselt om de Weede

Master plan and partial elaborations for Hasselt om de Weede: A unique residential landscape based on the major landscape qualities in the plan area and the immediate surroundings of natural areas such as Olde Maten, Wieden and Weerribben. 1150 residences and plan area of 100 hectares, 2006 - present.

Study of an integrated residential landscape at the Bypass at Kampen

Design study into possibilities for an integrated landscape at the bypass in Kampen, in which planned water storage, nature and recreation are combined with residential accommodation. Commissioned by Volker Wessels Vastgoed, 2006-2007.

Urban planning design and elaboration of public spaces for residential district in Schagen

Commissioned by a development group, an urban planning design was created for a residential district of a good 400 residences. Together with architects and a civil engineering consultant the elaboration of the partial areas is being developed, 2005-present.

Framework plan, image quality plan and installation of the main structure of the residential district Ackerswoude in Pijnacker

Commissioned jointly by the municipality of Pijnacker-Nootdorp and a combination of developers, a construction plan was drawn up for c. 1,300 residences near the centre and the station of Pijnacker, 2005-present.

Expansion of Asplund Stockholm library (competition submission)

Competition launched by the municipality of Stockholm for the expansion of the city library. Integrated design for urban planning position, architectural expansion and public spaces. In cooperation with M3H architects, 2006.

Development vision and partial elaboration of the station area of Hoogeveen

Commissioned by the municipality of Hoogeveen, a development vision for the station area of Hoogeveen was created in an open planning process. Offices and infrastructure were combined with urban renewal and natural development. The execution is being worked on in partial elaborations, 2002 - present.

Area elaboration Broekhorn, Heerhugowaard

Commissioned by the province of North Holland, the municipality of Heerhugowaard and Rabo Bouwfonds an integrated plan was drawn up for the reconstruction of the N242 and the development of the Broekhorn into a mixed urban area with space for living, working, nature and recreation, 2007 - present.
